

flydubai•cargo

CATANIA – DUBAI

From 13 June 2018 flydubai will offer to the Italian freight forwarders' community daily direct flights to Dubai, connecting with more than 100 destinations of the Airline's Network in Asia, Africa, Middle East and Europe/Russia.

Flights will be operated by the most modern aircraft B737/800 max, with more than 18m³ available for **General cargo, Priority cargo, Perishable cargo, Valuable cargo, Courier cargo, Mail.**

Our story

flydubai began operations in 2009 with the aim of taking more people to more places, more often. In just a few years, flydubai has firmly established its place in the region. Today, we fly to more than 85 destinations operating out of Dubai International Airport and Al Maktoum International (DWC).

Our fleet

We have one of the youngest and most efficient fleets in the sky today. Our planes are fuel efficient, quiet and reliable. This enables us to get your shipments to where you want them to be in the most convenient way possible. We're continuously growing our fleet of Boeing 737-800s to expand our network and increase frequencies. Young and efficient, our Boeing 737-800 fleet is well-suited to our network. Our fleet will continue to grow as we receive delivery of aircraft from the order announced at the Dubai Airshow in 2013. This order was for 75 737 MAX 8s and 11 Next-Generation

Our people

Our friendly and well-trained international crew have amazing energy and passion for making all our flights as enjoyable as possible. We have a work force of more than 3,000 employees from 111 nationalities committed to serving you always.

Our network

Connecting and reconnecting with people and places. We have the potential to connect Dubai to a population of over two and a half billion people, creating opportunities for our clients. We're opening up the world; go explore it while delivering us your goods.

flydubai has rapidly developed an international network covering the Middle East, GCC, Africa, Caucasus, Central Asia, Europe and the Indian Subcontinent.

Product & Rates

Very special and attractive rates are available for our clients. If interested in getting further information on our services and/or to get our best prices, please drop an e-mail/call us to the following:
